

# CORE 2: IMPLANT SURGERY & RESTORATIVELY DRIVEN TREATMENT

## OVERVIEW

This course is designed to provide dentists with the necessary knowledge and skills to provide surgical implant therapy in their office. Emphasis is placed on comprehensive knowledge of both the scientific theory and practical procedures for incisions, flap management, closures, and controlling the surgical environment. Equipment, materials and techniques used for these purposes will be discussed. The other main focus of the course is for doctors to become knowledgeable and proficient in the placement of root form implants which will allow the participants to treat the majority of simple cases without additional training. Adherence to surgical sterility and asepsis protocols will be taught to attending doctors.

## TUITION & CE

**\$2,750 USD**

**30 CE Hours**

## PREREQUISITES

The target of this class is a dentist who is looking to expand their knowledge base in Oral Implantology with new innovations as well as major foundational information. Ideally, participants would have taken CORE 1 or an equivalent course

## REFUND POLICY

Registration requirements include a non-refundable deposit for any Digital Dentistry Institute program. Balance of the program (unless in a financing or payment plan) will be charged to your credit card 30 days prior to the start of the course(s).

**ADA C.E.R.P.**® | Continuing Education Recognition Program

The Digital Dentistry Institute is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

## LEARNING TOPICS

- Anatomical considerations & biology
- Proper implant placement in 4 dimensions
- Single tooth implant surgery **(Hands-on)**
- Multiple tooth implant surgery
- Edentulous implant surgery
- Implant placement **(Hands-on)**
- Basic suturing techniques & flap design **(Hands-on)**
- Bone physiology & healing
- Implant pharmacology
- Stage 2 implant surgery & soft tissue considerations **(Hands-on)**

## SCHEDULE

### DAY 1 (Friday)

7:30 - 8:00: Breakfast

8:00 - 10:00: Lecture

**10:00 - 12:00: Hands-On**

12:00 - 1:00: Lunch

1:00 - 3:30: Lecture

3:30 - 5:00: Lecture

### DAY 2 (Saturday)

7:30 - 8:00: Breakfast

8:00 - 10:00: Lecture

10:00 - 12:00: Lecture

12:00 - 1:00: Lunch

1:00 - 2:30: Lecture

**2:30 - 5:00: Hands-On**

### DAY 3 (Sunday)

7:30 - 8:00: Breakfast

8:00 - 11:00: Lecture

**11:00 - 12:00: Hands-On**

12:00 - 1:00: Lunch

1:00 - 2:30: Lecture

**2:30 - 3:30: Hands-On**

3:30 - 5:00: Lecture
